OPTION

- UPI
- Paytm
- Bank account

- Mobile Number change access
- Open to box manually (lock box for next draw ay time)
- Current bid (update same time)
- User update (Add or detect points same time)/Block or unblock
- If user wants to withdrew money request will come in admin account with all provide details

On user page (gaming page) mention 12 boxes where user can bid in under every ten minute & every ten minute a box will open . There is a down time watch who will indicate how much time is rest to open box. in every 10 mint they will show rest time to open draw. Time mush be set on every 10 mint or result history will be update same time, if I bet on a box and that box bill open my bid amount will increase 10times of bid amount.  $10*10=100$  amount , the formula need to set on lower bidding box if every 9 boxes I bid 10 \$ and 1 rest box I bid 20rs in this condition box need to open randomly of 11 boxes . 20rs box must not be open, if no one play now result will open randomly. I want a manually option in admin open to box according to me if I use this option .this is mobile gaming website so need to deign according to mobile screen. When some one open website and login he will able to see whose page in one time scroll is not. I want attractive all pages
